

# NINE MUSES

## ~Voices, the purest form of music~

Acapella, the origin of music, is the performance of song, unaccompanied by instruments. The beauty of acapella is that even with the limits of our voices, the boundaries are infinite. The muses were the embodiment of artistic ideals. With their gifts of song, dancing and joy, they inspired so many things.

We invite you to inspire through our Acapella event -  
Nine Muses.
